John,

I will plan on meeting over at your office at noon. Do you have any idea of the general areas you might be looking at?

Matt

John,

Charlie and my flights get in around noon. If you have mapping, is it necessary to bring the maps I stole from you last time? I'd rather not cram things unless I need to.

Hi Doug,

Let's plan on meeting in AECOM's office in Latham after you arrive tomorrow. It's only about 5 minutes from the airport, so we can coordinate and figure out what you'd like to see in the field. We'll have mapping available as well. The address is:

- 40 British American Boulevard
- Latham, NY 12110-1421
- United States
- T 518.951.2200

Let me know if that works & what time you'll be arriving. Thanks.

John
